Experts Mickey Baskett and Marci Donley have provided in-depth information on supplies, patterns, and worksheets; illustrated instructions for paper decorating techniques, such as stenciling, stamping, embossing, and collage; and professional advice on creating messages and incorporating photographs. No matter what the occasion - birthday, wedding, graduation, anniversary, a new baby, or any kind of holiday - these cards will beautifully commemorate the day. Includes 45 fabulous projects, created by a group of talented artists and designers.

A step-by-step visual directory of decorative techniques and an inspirational gallery of finished works. Calligraphy can be a work of art in its own right, or it can be used to adorn anything from parchment to pottery. Discover the time-honoured skills of the calligrapher and add beauty and style to greetings cards, correspondence, dinner-table placements, and certificates. An explanation of essential tools, equipment and basic penmanship allows even the novice to begin creating ornate works with ease. Clear step-by-step illustrations introduce each style of alphabet, from traditional gothic scripts to modern flourished italics and decorative borders. Easy to follow instructions explain the techniques for illuminating letters, including burnishing, gilding and creating 3-dimensional effects. A gallery of inspirational works encourages experimentation with different colours, designs and materials.

Dawn Allen's inspirational card-making book shows how simple techniques can be used to make stunning three-dimensional cards. Suitable for complete beginners as well as more experienced card makers, Dawn demonstrates in clearly illustrated steps how to create beautiful 3D pictures and turn them into gorgeous greetings cards by adding decorative papers, craft stickers, ribbons and other paper embellishments.

Every project reveals more of the secrets of modern calligraphy, so that by the end of the book you will be armed with everything you need to head off on your own lettering adventure. The book is a combination of instruction and inspiration for modern calligraphy, teaching basic letters as well as introducing projects of different skill levels. Full of tips, tricks and techniques you will learn how to create your own calligraphy through typefaces to trace and copy, handwriting styles to explore, advice on penmanship, brush strokes and lettering styles. Also includes 7 perforated postcards and 16 template pages.

Packed with fresh ideas for calligraphy techniques, styles and subjects, this book is a visual feast of inspiration for all abilities, whether you're new to calligraphy or looking to reinvigorate your practice. Boost your creativity with the help of more than 80 artworks by contemporary, international calligraphers, each demonstrating an interesting or innovative approach. Introduces the art and technique of calligraphy; provides instructions for writing italic, Gothic, uncial, and Roman alphabets, punctuation, and decorative borders; and suggests projects. Reprint.

The cards in this book feature a cross between simple embossing techniques and paper pricking, and should not be confused with the original, more time-consuming parchment art form. This book looks at making parchment cards using a basic kit and three-step stencils and suggests ways of mounting your finished pieces as attractive cards.

A detailed discussion of the dynamics of moving the tool is followed by an alphabet of strokes used to build and analyze flourishes. Also covers design principles, technique in different situations, and Italic and Gothic scripts. Abundant examples are provided.

In recent years, there has been a growing academic acknowledgment around the world of a contemporary Buddhist phenomenon described as Engaged, or Socially Engaged Buddhism (SEB). It is a contested phenomenon variously associated with finding Buddhist solutions for social, political and ecological problems. The debate about its origins, practice and legitimacy has stirred academics and practitioners alike. Firstly, does such an approach to Buddhist practice constitute a departure with the past, in which case a new expression of an ancient practice is being experienced all around us? Or is this really a continuity of practice, adapted to inform current understanding given that some would describe Buddhism as always having been engaged? *Adaptation and Developments in Western Buddhism* examines the UK Socially Engaged Buddhist experience captured through a series of five case studies of Buddhist groups and a survey undertaken over two years in the field. The volume is a ground-breaking and benchmark analysis of Socially Engaged Buddhism in the UK, drawing for the first time on evidence from practitioner's experiences with which to characterise the previously dichotomous academic debate. Ultimately, the volume locates Socially Engaged Buddhism in the UK and places it within the broader and global context of an emerging "Western Buddhism??, characterising the phenomenon and its relationships to the wider Buddhist world.

"Persuasively argues that our fixation with writing by hand is driven more by emotion than evidence, as it is perceived to be inextricably linked to our history, core values and individual identities."--Los Angeles Times The future of handwriting is anything but certain. Its history, however, shows how much it has affected culture and civilization for millennia. In the digital age of instant communication, handwriting is less necessary than ever before, and indeed fewer and fewer schoolchildren are being taught how to write in cursive. Signatures--far from John Hancock's elegant model--have become scrawls. In her recent and widely discussed and debated essays, Anne Trubek argues that the decline and even elimination of handwriting from daily life does not signal a decline in civilization, but rather the next stage in the evolution of communication. Now, in *The History and Uncertain Future of Handwriting*, Trubek uncovers the long and significant impact handwriting has had on culture and humanity--from the first recorded handwriting on the clay tablets of the Sumerians some four thousand years ago and the invention of the alphabet as we know it, to the rising value of handwritten manuscripts today. Each innovation over the millennia has threatened existing standards and entrenched interests: Indeed, in ancient Athens, Socrates and his followers decried the very use of handwriting, claiming memory would be destroyed; while Gutenberg's printing press ultimately overturned the livelihood of the monks who created books in the pre-printing era. And yet new methods of writing and communication have always appeared. Establishing a novel link between our deep past and emerging future, Anne Trubek offers a colorful lens through which to view our shared social experience.

If you've ever wanted to learn the techniques of hand lettering, *Calligraphy* gives practical advice and guidance on materials, tools, and proper methods. Containing four alphabets and 12 step-by-step projects, you'll be able to create stunning cards, calendars, letterheads, and wall hangings. Author and professional lettering artist Margaret Morgan will provide you with all the essential skills you need to enjoy and thrive in the beautiful art of calligraphy!

Chinese Calligraphy is a discipline between art, language and meditation that trains memory and spatial coordination. It can be

done by everyone - even those who do not speak Chinese. In China, Calligraphy is considered as an art, side by side with painting and invites to modesty and admiration. Writing with ink and a paint brush is also a meditation technique as it brings instantaneous well-being to the calligrapher. It is furthermore an original way to have a feel of the Chinese writing and language. Go for it! This book also provides ideas to make your own personalized greetings cards - with Chinese astrologic signs and good luck characters.
