Questions from Biology past exam papers 2011-2016, with detailed answers and explanations, and revision notes for each Grade 11 & 12 Syllabus Unit.

This book contains three practice papers with enhanced supported learning answer sections. Marking schemes allow students to see how marks are allocated, revision advice and exam tips help prepare pupils for the exams and topic indexes allow them to focus on the areas they need to improve on.

Don't just rely on past papers as part of exam practice. The Revise IB Workbooks are the perfect way to test if students are exam-ready

before mocks and the real thing! This new Biology SL Workbook in the TestPrep series is aligned with the latest Biology SL curriculum from the IB. Ensure students feel confident, reassured and prepared for their exams. The tips, assessment and marking guidance and full sets of practice papers are a smart way to test knowledge and understanding during Biology revision. With three full sets of exam-style practice papers for Biology SL students, this Revise IB book gives all the information students need for their IB Diploma Programme Biology SL exams. Set A: Build confidence and familiarity... These papers include question-by-question support, strategies and markscheme hints to help students get to the right answer. Set B: Find out where there are gaps in revision... These papers have fewer helpful suggestions. Students should do these closer to the exam. Set C: The ultimate exam practice! These papers include no extra help - they are just like the real exam. The perfect set to check students are exam ready. From some excellent and unique multiple-choice questions for Paper 1 to invaluable advice from the experts on how to tackle Papers 2 and 3, this book is full of essential exam practice support for students revising for their Biology exams.

Exam Board: OCR Level: AS/A-level Subject: Economics First Teaching: September 2015 First Exam: Summer 2016
Ensure your students get to grips with the core practicals and develop the skills needed to succeed with an in-depth assessment-driven approach that builds and reinforces understanding; clear summaries of practical work with sample questions and answers help to improve exam technique in order to achieve higher grades. Written by experienced teacher Martin Rowland, this Student Guide for practical Biology: - Help students easily identify what they need to know with a concise summary of required practical work examined in the A-level specifications. - Consolidate understanding of practical work, methodology, mathematical and other skills out of the laboratory with exam tips and knowledge check questions, with answers in the back of the book. - Provide plenty of opportunities for students to improve exam technique with sample answers, examiners tips and exam-style questions. - Offer support beyond the Student books with coverage of methodologies and generic practical skills not focused on in the textbooks.
