We all know the basics of punctuation. Or do we? A look at most neighborhood signage tells a different story. Through sloppy usage and low standards on the internet, in email, and now text messages, we have made proper punctuation an endangered species. In *Eats, Shoots & Leaves*, former editor Lynne Truss dares to say, in her delightfully urbane, witty, and very English way, that it is time to look at our commas and semicolons and see them as the wonderful and necessary things they are. This is a book for people who love punctuation and get upset when it is mishandled. From the invention of the question mark in the time of Charlemagne to George Orwell shunning the semicolon, this lively history makes a powerful case for the preservation of a system of printing conventions that is much too subtle to be mucked about with.

This anniversary edition features an in-depth interview conducted by Betsy Hearne in which Natalie Babbitt takes a look at *Tuck Everlasting* twenty-five years later. What if you could live forever? Is eternal life a blessing or a curse? That is what young Winnie Foster must decide when she discovers a spring on her family's property whose waters grant immortality. But then Winnie must decide whether or not to keep the Tucks' secret—and whether or not to join them on their never-ending journey. Writing an amazing college admission essay is easier than you think! So you're a high school senior given the task of writing a 650-word personal statement for your college application. With these questions providing the building blocks for your essay, Sawyer guides you through the rest of the process, from choosing a structure to revising your essay, and answers the big questions that have probably been keeping you up at night: How do I brag in a way that doesn't sound like bragging? and How do I make my essay, like, deep? This trio of sharp-witted essays takes irony to a new level. In *How to Write About Africa*, Wainaina dissects the African clichés and preconceptions dear to western writers and readers with a ruthless precision. In the same fashion, *My Clan KC* undresses the layers of meaning shrouding the identity of the infamous Kenya Cowboy. And in *Power of Love*, we start with a bemused recollection of the advent of the celebrities-for-Africa phenomenon, heralded by the mid-eighties hit song *We Are The World*. It's a short step from there to the speculation, many years later, that a \$9-dollar-a-day cow from Japan could very well head a humanitarian NGO in Kenya, whose dollar-a-day people continue to fascinate the \$5-dollar-a-day, 25-year-old backpackers who came and loved and compassioned and are now the beneficiaries of \$5000 a month consulting for the United Nations.

Tells a story about the strange relationship of two migrant workers who are able to realize their dreams of an easy life until one of them succumbs to his weakness for soft, helpless creatures and strangles a farmer's wife.

Set in the future after a devastating global nuclear war, *The Chrysalids* is a philosophical tale with as much resonance today as it had when it was first written. David Strom lives in a tight-knit community of religious and genetic fundamentalists; a group of people who exist in a state of constant alert for any deviation of what they believe to be the norm of God's creation. "Offenses" consist of plants and animals that are in any way unusual, and they are publicly burned to the accompaniment of the singing of hymns.

"Blasphemies" are human beings who show any sign of abnormality, and they're banned from society. So when David realizes that he is in possession of a power that would label him a mutant, he is forced to keep it a secret and reckon with the idea of fleeing to the Badlands—a new world that could offer him either a death sentence or freedom.

We all have a story to tell. We often judge our own stories as being good or bad, right or wrong. The truth is, each and every one of them not only holds meaning for us but for those around us as well. *Chicken Soup for The Teenage Soul IV* is filled with such stories: what it really means to be a teenager in today's world.
