Medical Jurisprudence and Toxicology for India covers some essential details and practical aspects of medical jurisprudence and toxicology. This book is organized into two parts encompassing 34 chapters. The opening chapters of Part I deal with legal procedure in criminal courts, physical evidence of the crime, autopsy, exhumation, and some medico-legal practices. Considerable chapters are devoted to other aspects of legal medicine, including determination of death causation, legitimacy of evidence, incident of rape and unnatural offenses, miscarriage, infanticide, insanity, and the privileges of medical men. Part II focuses on the toxicological aspects. This part emphasizes the medico-legal aspects of some classes of poisons, such as corrosive, irritant, neurotic, cerebral, spinal, cardiac, and peripheral poisons. This book will prove useful to medical college students.

A fascinating study of the modern state as a collection of associations and a tool that has to be given power by the people but must follow checks and balances put in place. A relevant text when written and still relevant in this day.

There is a general feeling among Indians that resorting to court proceedings leads to empty-wallets and heavy heads. This feeling is partly attributable to lack of awareness among common folk about court procedures in India. The present work is an attempt to bring this basic awareness in the litigant's mind that courts are meant to serve the people by providing the necessary relief. Basic knowledge of court procedures has become a necessity in the modern complex societies. This work envisages a utility not only for the general public but also for the students of law who enter the courts with no knowledge of court procedures.

techniques for acquiring these skills. It shows how to handle and use legal texts, how to read and write about the law, how to acquire disciplined study techniques and how to construct legal arguments. This new edition will be of value to both undergraduate and postgraduate law students.

Environmental degradation in India has been caused by a variety of social, economic, institutional and technological factors. Rapidly growing population, urbanisation and industrial activities have all resulted in considerable deterioration in the quality and sustainability of the environment. This volume containing a collection of papers, describes the current deplorable state of environment in India. Government policy and initiatives (constitutional, legislative, and fiscal) to protect environment and ensure sustainable growth have been highlighted. The role of judiciary over the past decade to supplement the flurry of legislative and administrative measures has also been set forth.

This useful and handy compendium offers information about the most frequently asked questions on the subject. The book carries a lucid commentary on many aspects of gender justice conceptualised and turned into legal enactments during the five decades of India's history after Independence. Laws pertaining to inheritance, labour, human rights, prevention of violence, representation of women in media and several particular matters are shown to have relevance to contemporary lives. Most remarkably, it draws attention not only to the rubrics of the law important for women but also speaks of the role society and institutions can play in promoting access to law. Comprehensive in scope yet easy to follow, it is a friendly guide to a complex judicial system.
