On a far future Earth, mankind's achievements are immense: artificially intelligent robots, genetically uplifted animals, interplanetary travel, genetic modification of the human form itself. But nothing comes without a cost. Humanity is tired, its vigour all but gone. Society is breaking down into smaller communities, dispersing into the countryside and abandoning the great cities of the world. As the human race dwindles and declines, which of its great creations will inherit the Earth? And which will claim the stars?

NEW YORK TIMES BESTSELLER In the far future, humans have colonized a

distant planet, home to the enigmatic Ariekei, sentient beings famed for a language unique in the universe, one that only a few altered human ambassadors can speak. Avice Benner Cho, a human colonist, has returned to Embassytown after years of deep-space adventure. She cannot speak the Ariekei tongue, but she is an indelible part of it, having long ago been made a figure of speech, a living simile in their language. When distant political machinations deliver a new ambassador to Ariekei, the fragile equilibrium between humans and aliens is violently upset. Catastrophe looms, and Avice is torn between competing loyalties: to a husband she no longer loves, to a system she no longer trusts, and to her place in a language she cannot speak—but which speaks through her, whether she likes it or not. Praise for Embassytown “A breakneck tale of suspense . . . disturbing and beautiful by turns. I cannot emphasize enough how terrific this novel is. It's definitely one of the best books I've read in the past year, perfectly balanced between escapism and otherworldly philosophizing.”—io9 “Embassytown is a fully achieved work of art. . . . Works on every level, providing compulsive narrative, splendid intellectual rigour and risk, moral sophistication, fine verbal fireworks and sideshows, and even the old-fashioned satisfaction of watching a protagonist become more of a person than she gave promise of being.”—Ursula K Le Guin “The Kafkaesque writer journeys

to the distant edges of the universe in his latest sci-fi thriller.”—Entertainment Weekly “Utterly astonishing . . . A major intellectual achievement.”—Kirkus Reviews “Brilliant storytelling . . . The result is a world masterfully wrecked and rebuilt.”—Publishers Weekly (starred review)

Macmillan English 5 is for children who are becoming confident oral communicators and more accurate readers and writers.

Every lesson in Macmillan English 3 has two pages of resources in the Teacher's Guide to assist the teacher. The first page shows the pupils' material in facsimile and the brief notes on each step of the lesson related by pointers to the facsimile. This allows teachers to conduct the lesson with the stimulus material and main teaching points together. The second page contains the lesson summary, including the aim, specific targets, key words and language, materials needed and advance preparation required. It also contains a chart showing the proportion of time recommended for each lesson section, a warm-up to begin the lesson, detailed notes for aspects of each lesson which teachers may wish to use, tapescripts for listening activities and extension activities.

This gothic classic, “The Turn of the Screw” is one of the most famous ghost stories of all time. On Christmas Eve, Douglas reads a manuscript written by a former acquaintance, the governess, whom Douglas claims to have known and

who is now dead. The manuscript tells the story of how the young governess is hired by a man who has become responsible for his young nephew and niece after the tragic deaths of their parents. He is uninterested in raising the children. The governess's new employer gives her full responsibility for the young siblings and explicitly states that he is not to be bothered with communications of any sort. Set in a remote estate this critically acclaimed novella tells the tale of a governess who, looking after two children, becomes convinced that the grounds are haunted. This story has been adapted many times for film and television, most recently in *The Turning* (2020). Famed for its ability to create an intimate sense of confusion and suspense, this novella is a must-read for all horror and ghost story fans.
