This book "provides managers with an awareness of the issues involved in managing change, moving them beyond "one-best way" approaches and providing them with access to multiple perspectives that they can draw upon in order to enhance their success in producing organizational change. These multiple perspectives provide a theme for the text as well as a framework for the way each chapter outlines different options open to managers in helping them to identify, in a reflective way, the actions and choices open to them."--Cover.

Prepare for management success with this engaging survey of modern management practice. UNDERSTANDING MANAGEMENT, 9E seamlessly integrates classic management principles with today's latest management ideas to create a responsive market-leading text that captivates today's readers. Acclaimed authors Richard Daft and Dorothy Marcic cover management and entrepreneurial issues within small to midsize companies, where most readers begin their careers, as well as within larger global enterprises. Readers gain valuable insights into real contemporary business as they examine today's best management practices.

This edition helps readers establish and build on practical skills with engaging examples and numerous skill-building and application exercises in every chapter. Using a streamlined format, this edition takes a close look at how change demands innovation and how innovation requires forward-thinking, flexible leaders and organizations. UNDERSTANDING MANAGEMENT, 9E provides everything you need to become a successful manager who seizes business opportunities and leads change.

MANAGEMENT, 12E includes several innovative pedagogical features to help students understand their management capabilities and learn what it's like to manage in an organization today. Each of the 19 chapters begins with an opening questionnaire that engages the reader's interest, directly connects to the topic of the chapter, and enables students to see how they respond to situations and challenges that real-life managers typically face. A New Manager Self-Test in each chapter provides students with further insight into how they would function in the real world of management. The Remember This bullet-point summaries at the end of each major chapter section give students a snapshot of the key points and concepts covered in that section. The end-of-chapter questions have been carefully revised to encourage critical thinking and application of chapter concepts, and Small Group Breakout exercises give students the opportunity to apply concepts while building teamwork skills. Ethical dilemmas, all-new end-of-chapter cases, and a fully updated set of On the Job video cases help students sharpen their diagnostic skills for management problem solving. The chapter sequence in MANAGEMENT is organized around the management functions of planning, organizing, leading, and controlling. These four functions effectively encompass management research and the characteristics of the manager's job. MANAGEMENT: THE NEW WORKPLACE, 6e International Edition provides an engaging survey of modern management practice that seamlessly integrates classic and contemporary principles. Rather than concentrating on large global enterprises, the text focuses on dynamic small to mid-sized "local" businesses and entrepreneurial issues, giving students valuable real-world insights and practical skills they can readily apply when beginning or continuing their careers. To help students deepen their understanding and hone their skills, numerous skill-building and application exercises appear in every chapter. MANAGEMENT: THE NEW WORKPLACE, 6e International Edition also features a streamlined format and impressive ancillary package that make it affordable, flexible, well-suited to any course, and effective for students of diverse backgrounds and interests.

Appropriate for undergraduate and graduate-level courses in Leadership or Managerial Effectiveness. The most comprehensive survey of the major theories and research on leadership and managerial effectiveness in formal organizations with practical suggestions for improving leadership skills.

Organizations must adapt to changing and often challenging environments. This third Canadian edition helps students understand and design organizations for today's complex environment. The concepts and models offered in this text are integrated with changing events in the real world, presenting the most recent thinking and providing an up-to-date view of organizations. Detailed Canadian examples and cases capture the richness of the Canadian experience, while international examples accurately represent Canada's role in the world. Principles of Management is designed to meet the scope and sequence requirements of the introductory course on management. This is a traditional approach to management using the leading, planning, organizing, and controlling approach. Management is a broad business discipline, and the Principles of Management course covers many management areas such as human resource management and strategic management, as well behavioral areas such as motivation. No one individual can be an expert in all areas of management, so an additional benefit of this text is that specialists in a variety of areas have authored individual chapters.

Aiming to bridge the gap between theory and application, this work focuses on strategic management.

The nature of leadership and the human qualities that promote or inhibit it have a long history in Western thought and remain a central concern in modern societies. Crises in leadership may arise from either human failings or social complexities that defeat or reject those most qualified to lead. While most contemporary political or social commentators on such crises tend to focus on external circumstances, David Cawthon examines classical thinkers from Plato to Nietzsche to offer a historical and philosophical perspective on the intrinsic qualities of leadership and how these qualities are coded into the souls of some, but not of others.

Equip your students with the confidence and innovative skills they need to manage successfully in today's rapidly changing, turbulent business environment. In its 9th edition, AHRI-endorsed Human Resource Management continues to provide a strong conceptual and practical framework for students of human resource management. The successful integrative strategic HRM model is retained and the most recent developments in human resource management theories and practices are explored. A multitude of contemporary regional and international examples are integrated throughout, alongside an expanded coverage on ethics and a focus on critical analysis. Thoroughly revised and updated with the latest research findings, this edition incorporates a wealth of new material including: corporate social responsibility, ethics, sustainable management practice, leadership, talent management, industrial relations, and retains its focus on core human resource elements. Accompanied by online study tools which help to reinforce concepts, apply critical thinking and enhance skills, this 9th edition of Human Resource Management offers the complete learning experience required to succeed in human resource management.

Daft and Marcic's action-first approach turns the traditional learning model on its end. Instead of starting with concepts and moving to application, this text starts with application, an introductory problem or challenge that encourages you to first empty out your ideas so you are ready to understand new ideas and acquire new skills. Each chapter provides a menu of resources for engagement, application, and learning, everything you need to develop the spot-on management skills you'll need to be a successful manager. This new learning philosophy leads you through a seven-step learning process: 1. Manager Challenge, 2. Initial Response, 3. Discover Yourself, 4. Discover Knowledge, 5. Action Learning Exercises, 6. Test Your Mettle, and 7. Personal Skills Log. Shorter, highly-focused chapters take you through each of these seven steps, allowing you to capture the essence and critical points for each topic. The mass of research material has been condensed and focused into discrete learning packages

(chapters) designed specifically for engagement. BUILDING MANAGEMENT SKILLS offers a unique new set of Challenge Videos that are specifically designed to help develop your decision-making and thinking skills. After you watch the video challenge you are asked to respond to the challenge by solving the problem, helping you see the relevance of the chapter material and answering the question Why do I need to know this material?. These innovative, decision-making Challenge Videos are also available in CengageNOW. Organized around a new learning philosophy, with new technology and a coherent learning package for you to acquire management skills through an active first do, then learn approach, Daft and Marcic have created a truly unique learning experience with BUILDING MANAGEMENT SKILLS.
