

Phrases Que Les Femmes Aiment Entendre

"This book is about the obsessive strategies people use to keep the arbitrary out of their lives; it is about the fanaticism and intolerance linked to their ideas of perfection and permanence.... Those readers who have brushed against the dangers of the *idée fixe*, who have come close to surrendering to something or someone diabolically seductive or coercive, will recognize in these characters their own encounter with a dangerously systematized world."—From the introduction. *Monomania* explores the cultural prominence of the *idée fixe* in Western Europe during the nineteenth and twentieth centuries. Marina van Zuylén revives the term *monomania* to explore the therapeutic attributes of obsession. She introduces us to artists and collectors, voyeurs and scholars, hypochondriacs and melancholics, whose lives are run by debilitating compulsions that may become powerful weapons against the tyranny of everyday life. In van Zuylén's view, there is a productive tension between disabling fixations and their curative powers; she argues that the *idée fixe* has acted as a corrective for the multiple disorders of modernity. The authors she studies—Charles Baudelaire, Sophie Calle, Elias Canetti, George Eliot, Gustave Flaubert, and Thomas Mann among them—embody or set in motion different manifestations of this monomaniacal imperative. Their protagonists or alter egos live more intensely, more meaningfully, because of the compulsive pressures they set up for themselves. *Monomania* shows that transforming life into art, or at least into the artful, drives out the anxiety of the void and puts in its place something so orderly and meaningful that it can take on the aura of a religion.

C'est ici qu'il devient clair que même après le mariage, vous ne devriez pas vous détendre spécialement.

Sous le coup de l'émotion on n'arrive pas à analyser immédiatement ce que peut causer le mouvement brutal ou non du sujet. Dirait un connaisseur que l'homme n'est pas autant analytique qu'il prétend l'être. C'est le fait de n'être pas maître de soi ; de se posséder que dans des moments et le contraire inscrit dans d'autres. Il est à croire que personne ne peut prétendre être le chef de soi, de ses gestes dans les bons et mauvais moments.
