Julius Caesar Augustus, founder of the early Roman Empire, replaced the estate of the late Roman Republic and raised taxes in conjunction with the glorious incarnation of Christ. Christ's ministry lasted the few days of three and a half years, culminating in his atoning death for the kingdom of sinful human nature. Humanity in faith was individually summoned to accept Christ as the antitypical lamb of God, which takes away the sin of the world in fulfilment of Gen. 3:15. Systems of faith/belief arms would develop for believers to join. Wars of words broke out between churches and civil states regarding the nature of Christ and other traditions. Some systems of faith/belief operated within the Ten Commandments hedge, while others did not. Roman Catholicism did not operate within that hedge, disregarding the fourth commandment, thus showing contempt for the law. Believers in the

Dark Ages, Middle Ages, Reformation, and post-Reformation eras broke away from the Roman Catholic Church system to follow Bible truth, causing people to give their lives and even die for their faith. Although semiotics has, in one guise or another, flourished uninterruptedly since pre Socratic times in the West, and important semiotic themes have emerged and developed independently in both the Brahmanic and Buddhist traditions, semiotics as an organized undertaking began to bloom only in the 1960s. Workshops materialized, with a perhaps surprising spontaneity, over much of Europe-Eastern and Western and in North America. Thereafter, others quickly surfaced almost everywhere over the literate globe. Different places strategically allied themselves with different legacies, but all had a common thrust: to aim at a general theory of signs, by way of a description of different sign systems, their comparative analysis, and their classification. More or less permanent confederations were forged with the most diverse academic disciplines, and amazingly varied frameworks were devised-suited to the needs of the times and the sites-to carry the work of consolidation forward. Bit by bit, mutually supportive international networks were put together. Today, it can truly be asserted that semiotics has become a global enterprise. This, of course, is far from saying that the map is uniform or even that world-wide homogeneity is in the least desirable. While our conjoint ultimate goal remains steadily in focus, the multiplicity of avenues available for its realization is inherent in the advent of the search itself.
