The national bestselling and “compulsively readable” history of late 19th century American war fever “is hard to forget and hard to put down” (The New York Times Book Review). On February 15, 1898, the American ship USS Maine mysteriously exploded in the Havana Harbor. Some in the United States greeted the event with more enthusiasm than alarm. Dismayed by the “closing” of the Western frontier, politicians Theodore Roosevelt and Henry Cabot Lodge wanted to see their country exert its muscle overseas. The sinking of the Maine would provide the excuse they’d been waiting for, especially when newspaper mogul William Randolph Hearst falsely announced in the New York Journal that Spain’s “secret infernal machine” had destroyed the battleship. Meanwhile, the philosopher William James, Roosevelt’s

former teacher, and Thomas Reed, the powerful Speaker of the House, stood against what would become the Spanish-American War. At stake was not only sending troops to fight Spain in Cuba and the Philippines, but the friendships between these men. Now, bestselling historian Evan Thomas examines this monumental turning point in American history. Epic in scope and revelatory in detail, *The War Lovers* takes us from Boston mansions to the halls of Congress to the beaches of Cuba and the jungles of the Philippines. It is landmark work with an unforgettable cast of characters—and provocative relevance today.

MAN BOOKER PRIZE FINALIST • A novel all about art's versatility, borrowing from painting's fresco technique to make an original literary double-take. "Cements Smith's reputation as one of the finest and most innovative of our contemporary writers. By some divine alchemy, she is both funny and moving; she combines intellectual rigor with whimsy" —The Los Angeles Review of Books *How to be both* is a fast-moving genre-bending conversation between forms, times, truths and fictions. There's a Renaissance artist of the 1460s. There's the child of a child of the 1960s. Two tales of love and injustice twist into a singular yarn where time gets timeless, structural gets playful, knowing gets mysterious, fictional gets real—and all life's givens get given a second chance. Passionate, compassionate, vitally inventive and scrupulously playful, Ali Smith's novels are like nothing else. A NOTE TO THE READER: Who says stories reach everybody in the same order? This novel can be read in two ways, and the

eBook provides you with both. You can choose which way to read the novel by simply clicking on one of two icons—CAMERA or EYES. The text is exactly the same in both versions; the narratives are just in a different order. The ebook is produced this way so that readers can randomly have different experiences reading the same text. So, depending on which icon you select, the book will read: EYES, CAMERA, or CAMERA, EYES. (Your friend may be reading it the other way around.) Enjoy the adventure. (Having both versions in the same file is intentional.)

In 1821 Mexico was geographically the largest country in the western hemisphere. By 1853 however, it was but a quarter of its original size. Meanwhile, its neighbour north of the border had expanded its territory enormously - and mostly at Mexico's expense. Similarly in 1800 Mexico's per capita income was half that of the United States; by 1877 it had dropped to one-tenth. Such asymetries have long characterised the relationship between Mexico and the United States.

Genly Ai is an ethnologist observing the people of the planet Gethen, a world perpetually in winter. The people there are androgynous, normally neuter, but they can become male or female at the peak of their sexual cycle. They seem to Genly Ai alien, unsophisticated and confusing. But he is drawn into the complex politics of the planet and, during a long, tortuous

journey across the ice with a politician who has fallen from favour and has been outcast, he loses his professional detachment and reaches a painful understanding of the true nature of Gethenians and, in a moving and memorable sequence, even finds love...

REALIDADES is a standards-based Spanish curriculum that balances grammar and communication. The program offers technology designed to integrate language and culture to teach and motivate all students.

European and Arab versions of the Crusades have little in common. For Arabs, the twelfth and thirteenth centuries were years of strenuous efforts to repel a brutal and destructive invasion by barbarian hordes. Under Saladin, an unstoppable Muslim army inspired by prophets and poets finally succeeded in destroying the most powerful Crusader kingdoms. The memory of this greatest and most enduring victory ever won by a non-European society against the West still lives in the minds of millions of Arabs today. Amin Maalouf has sifted through the works of a score of contemporary Arab chroniclers of the Crusades, eyewitnesses and often participants in the events. He retells their stories in their own vivacious style, giving us a vivid portrait of a society rent by internal conflicts and shaken by a traumatic encounter with an alien culture. He retraces two critical centuries of Middle Eastern history, and offers fascinating insights into some of the forces that shape Arab and Islamic consciousness today. 'Well-researched and highly readable.' Guardian 'A useful and important analysis adding much to existing western histories ... worth recommending to George Bush.' London Review of Books 'Maalouf tells an inspiring story ... very readable ... warmly recommended.' Times Literary Supplement 'A wide readership should enjoy this vivid narrative of stirring events.' The Bookseller 'Very well done indeed ... Should be put in the hands of anyone who asks what lies behind the Middle East's

New York Times Bestseller and Man Booker Prize Finalist: A novel of ancient Greece by the author Hilary Mantel calls “a shining light.” Alexander the Great stands alone as a leader and strategist, and *Fire from Heaven* is Mary Renault’s unsurpassed dramatization of the formative years of his life. His parents fight for their precocious son’s love: On one side, his volatile father, Philip, and on the other, his overbearing mother, Olympias. The story tells of the conqueror’s two great bonds—to his horse, Oxhead, and to his dearest friend and eventual lover, Hephaestion—and of the army he commands when he is barely an adult. Coming of age during the battles for southern Greece, Alexander the Great appears in all of his colors—as the man who first takes someone’s life at age twelve and who swiftly eliminates his rivals as soon as he comes to power—and emerges as a captivating, complex, larger-than-life figure. *Fire from Heaven* is the first volume of the *Novels of Alexander the Great* trilogy, which continues with *The Persian Boy* and *Funeral Games*. This ebook features an illustrated biography of Mary Renault including rare images of the author. “Mary Renault is a shining light to both historical novelists and their readers. She does not pretend the past is like the present, or that the people of ancient Greece were just like us. She shows us their strangeness; discerning, sure-footed, challenging our values, piquing our curiosity, she leads us through an alien landscape that moves and delights us.” —Hilary Mantel
