Reviews "As a psychologist I am all too aware that the principals of the Laws of Attraction are badly explained everywhere. "Manifestation Magic" does what it says on the tin, it explains simply, easily and more importantly correctly how to get everything that you desire in life. Rich people do not think like other people, they know that they cannot fail. Most people find that reconciling your conscious mind with your subconscious mind is really difficult, and yet unless you master that basic skill you are doomed to be caught up in an endless loop of repeating past mistakes. Most people assume that it is the subconscious mind that gets in the way of their success and that is why you are doomed to fail, because it is your conscious mind that puts the damper on your hopes and dreams. However you have to successfully free yourself from your excuses and your self-limiting decisions and this eBook tells you exactly how to do it. It is simply the best read I have had in ages and I read every day." - Catherine Ford -- <http://www.catherineford.com> "This book is a "must have!" Our entire spiritual journey along with our free will boils down to either choosing to walk with Jesus (LIFE) or choosing the way of the world (DEATH). In God there is life, and life in abundance. Not just eternal life, but life in spirit, in soul and in body. Yet, there is a real difference between knowing of Him and knowing Him. In Him we abide in life, and walk in such life, but this calls for obedience to His Truth, to His Way and to His Kingdom. From a true relationship with the Lord, not religion, flows life and the blessings of such divine life. Deuteronomy 30 outlines the Offer of Life or Death. In the Old Testament life and death translated into blessings and curses for the Israel nation. Under the Law of Moses, the Lord presented to His people a very simple choice – follow God and live, or disobey God and die. Take note of verse 15: See, I set before you today life and prosperity, death and destruction. Under the New Covenant, we are either going to follow God and live in abundance – spirit, soul and body – or we are going to choose to allow ourselves to suffer the touch of death. The Life and Death series of five volumes explores in-depth how to walk in God's divine life, how to guard over such life and to avoid the pitfalls of death that manifests in so many ways, not just physical. The Life and Death series is a volume of work stretching over many years, guided by the Holy Spirit, in order for the disciples of the Lord to understand we can walk in life, yet this calls for remaining true to the Word, to His Will, to His Ways and His Kingdom. Be blessed on this journey, and know that God desires us to walk in life - but we need to choose. Either life, or death. How did I get here? Who is to blame? How do I change the outcome? Through understanding why, we can learn how to make better choices for our future. We Are the Choices We Make is the insight we need to make our clouded judgement clear.

To be successful in all aspects of life we can use two basic things: God — the Creator of the universe, and your brain — the fastest and most powerful supercomputer on the face of the planet. People are endowed with amazing capabilities and spiritual power when they keep in constant contact with God, but we are held back by the daily barrage of negative programming we receive and all of the years of stored up negative baggage. Your supercomputer mind uses the negative programming as instructions to create fear and doubt within you that leads to an ordinary and sometimes difficult life. Using the four cornerstones presented will help us to diminish and disregard the negative programming and reduce the fear and doubt that holds us in bondage. Only then will we experience life as God had intended... ..strong, confident, kind, compassionate, humble, and full of joy... EXTRAORDINARY! Sigmund Freud, the father of psychoanalysis, was among the first people in the world to talk about human personality and the way our mind is structured. He was the one to introduce the three important structures: conscious, subconscious and unconscious mind. Today, we have come a long way from those times and we definitely know a lot more information on how the mind functions and the way these three structures are interconnected. In this book, you will find exciting information on how the mind and the subconscious are related. Moreover, you will be able to find out about the power of the conscious mind and the important role the unconscious plays in the whole picture. The fantastic read introduces you into the world of thoughts, presents visualization as a unique technique to stimulate mind power and also provides a glimpse into the laws of attraction. It is a wonderful reading experience and one that will leave you feeling richer in the end.

Activate the raw power of your subconscious to create the life you've always wanted, using six essential lessons from one of the world's most renowned hypnotherapists in this "nourishing and healing book" (Michael Bernard Beckwith, author of *Spiritual Liberation*). Unsatisfying careers. Volatile, unhealthy relationships. Unfulfilled dreams. Too many of us are living lives that fall short of what we truly desire. But as celebrity hypnotist Kimberly Friedmutter explains in this life-changing book, not only is it possible to design the life of your dreams, but the power to do so already lies within you, in your subconscious mind. The subconscious is the root of your true power and desire; it's your inner child, your authentic self. It is the honest compass that will lead you to a life of happiness, so long as you are able to follow its direction. We all have the power to access it but as we grow up we're taught to stop daydreaming and to follow society's rules, which makes us disconnect from our subconscious, often with tragic results. In *Subconscious Power*, Kimberly guides you through six principles that bring your conscious mind in line with your subconscious desires. She shares practical, three-minute exercises that will help you transform your relationships, find true love, lose weight after years of struggling with the scale, overcome addictions, and achieve new career successes and heights. Featuring inspiring

success stories and the practical tools you need to make meaningful change, Subconscious Power gives “you a pathway to achieve your goals and dreams in an effective and easily understandable manner. This book will improve your life in ways you never thought of” (David Zelon, producer of Soul Surfer).

This is one of Dr. Murphy’s best books, on a par with his classic *The Power of your Subconscious Mind*. It explains the difference between the conscious and subconscious mind, and how the two work together to create the reality of the individual. As in Murphy’s other books, examples are given of how people overcame problems or manifested their desires by changing their minds through belief, affirmation, and visualization. The chapters deal with: • HEALING • PRAYER • BECOMING SPIRITUAL-MINDED • THE CREATIVITY OF THOUGHT • THE MEANING OF EVIL • THE MEANING OF LIFE • CONTROLLING ONE’S FEARS • THE POWER OF SUGGESTION • MARRIAGE, SEX, AND DIVORCE In his very engaging style, the author teaches us how to use both phases of the mind synchronously, harmoniously, and peacefully in order to bring harmony, health, and abundance into our lives. He also explains that Biblical statements are parables, allegories, metaphors, similes, and cryptic statements, and are thus not to be taken literally. The main message is that we are all children of the infinite, born to win, and to live in the joyous expectancy of the best. Exclusive to and approved by the estate of Joseph Murphy

With the help of industrialist Andrew Carnegie, the author of this remarkable book spent two decades interviewing hundreds of people renowned for their wealth and achievement. Napoleon Hill's all-time bestseller in the personal success field offers priceless advice on positive thinking and overcoming adversity by distilling the collective wisdom of Henry Ford, Thomas Edison, John D. Rockefeller, and other successful figures from the worlds of finance, industry, and the arts. Growing rich, Hill explains, is about far more than just making money. "Whatever the mind can conceive and believe," he asserts, "it can achieve with positive mental attitude." Hill outlines 13 principles of success involving goal setting, developing entrepreneurial thinking, and exercising effective leadership. A must for any reader of *The Secret*, this guide will transform the way you think about time, money, and relationships, setting your feet on the path to financial freedom.

A groundbreaking investigation of the brain’s hidden logic behind our strangest behaviors, and of how conscious and unconscious systems interact in order to create our experience and preserve our sense of self. From bizarre dreams and hallucinations to schizophrenia and multiple personalities, the human brain is responsible for a diverse spectrum of strange thoughts and behaviors. When observed from the outside, these phenomena are often written off as being just “crazy,” but what if they were actually planned and logical? *NeuroLogic* explores the brain’s internal system of reasoning, from its unconscious depths to conscious decision making, and illuminates how it explains our most outlandish as well as our most stereotyped behaviors. From sleepwalking murderers, contagious yawning, and the brains of sports fans to false memories, subliminal messages, and the secret of ticklishness, Dr. Eliezer Sternberg shows that there are patterns to the way the brain interprets the world—patterns that fit the brain’s unique logic. Unraveling these patterns and the various ways they can be disturbed will not only alter our view of mental illness and supernatural experience, but will also shed light on the hidden parts of ourselves. In our default state, our brains constantly get in the way of effective communication. They are lazy, angry, immature, and distracted. They can make a difficult conversation impossible. But Andrew Newberg, M.D., and Mark Waldman have discovered a powerful strategy called Compassionate Communication that allows two brains to work together as one. Using brain scans as well as data collected from workshops given to MBA students at Loyola Marymount University, and clinical data from both couples in therapy and organizations helping caregivers cope with patient suffering, Newberg and Waldman have seen that Compassionate Communication can reposition a difficult conversation to lead to a satisfying conclusion. Whether you are negotiating with your boss or your spouse, the brain works the same way and responds to the same cues. The truth, though, is that you don't have to understand how Compassionate Communication works. You just have to do it. Some of the simple and effective takeaways in this book include:

- Make sure you are relaxed; yawning several times before (not during) the meeting will do the trick
- Never speak for more than 20-30 seconds at a time. After that the other person's window of attention closes.
- Use positive speech; you will need at least three positives to overcome the effect of every negative used
- Speak slowly; pause between words. This is critical, but really hard to do.
- Respond to the other person; do not shift the conversation.
- Remember that the brain can only hold onto about four ideas at one time

Highly effective across a wide range of settings, Compassionate Communication is an excellent tool for conflict resolution but also for simply getting your point across or delivering difficult news.
