

This Time We Went Too Far Truth Amp Consequences Of The Gaza Invasion

Norman G Finkelstein

In the past five years Israel has mounted three major assaults on the 1.8 million Palestinians trapped behind its blockade of the Gaza Strip. Taken together, Operation Cast Lead (2008-9), Operation Pillar of Defense (2012), and Operation Protective Edge (2014), have resulted in the deaths of some 3,700 Palestinians. Meanwhile, a total of 90 Israelis were killed in the invasions. On the face of it, this succession of vastly disproportionate attacks has often seemed frenzied and pathological. Senior Israeli politicians have not discouraged such perceptions, indeed they have actively encouraged them. After the 2008-9 assault Israel's then-foreign minister, Tzipi Livni, boasted, "Israel demonstrated real hooliganism during the course of the recent operation, which I demanded." However, as Norman G. Finkelstein sets out in this concise, paradigm-shifting new book, a closer examination of Israel's motives reveals a state whose repeated recourse to savage war is far from irrational. Rather, Israel's attacks have been designed to sabotage the possibility of a compromise peace with the Palestinians, even on terms that are favorable to it. Looking also at machinations around the 2009 UN sponsored Goldstone report and Turkey's forlorn attempt to seek redress in the UN for the killing of its citizens in the 2010 attack on the Gaza freedom flotilla, Finkelstein documents how Israel has repeatedly eluded accountability for what are now widely recognized as war crimes. Further, he shows that, though neither side can claim clear victory in these conflicts, the ensuing stalemate remains much more tolerable for Israelis than for the beleaguered citizens of Gaza. A strategy of mass non-violent protest might, he contends, hold more promise for a Palestinian victory than military resistance, however brave. While a Confederate prisoner of war on Johnson's Island, William Norman wrote what he calls a "short diary or sketch" - a summing up of the important events of his life before he was captured at Kellysford Virginia, in 1863. Born into a hard working but somewhat poor family in Surry County, North Carolina; the future Confederate Captain lived a life out on the frontiers in Iowa and Nebraska as a schoolteacher, clerk and farmer with varied success. When the Civil War broke out he was a practicing lawyer in his native state and quickly took up arms in the Second North Virginia regiment; he fought in the army of Northern Virginia at the great battles of Fredericksburg, Chancellorsville and Gettysburg before his capture.

The B-52, or BUFF, first flew in the 1950's. It has been the backbone of our nation's strategic force for decades. Conceived as a long-range nuclear bomber, it has evolved through the years into a convention warfare workhorse as well. It served with great distinction during the war in Southeast Asia, helping to break the resistance of North Vietnam to a peace settlement. It has also been a major contributor during the many conflicts in the Middle East. Although well beyond what should be considered a normal lifetime of a combat aircraft, the B-52 has continued to play a major role in our warfighting capability. The amazing fact is that it is expected to serve our nation's needs for many years to come. Some say the last B-52 pilot hasn't yet been born. Nowhere else can you find an aircraft that has contributed so much for so long to the defense of the United States. This is the story of one man's life in aviation, centered on his involvement with the B-52. In many ways, he and the B-52 matured together.

NEW YORK TIMES BESTSELLER - REESE'S BOOK CLUB PICK - "This book is every suspense lover's dream and it kept me up way too late turning pages. . . . A novel with crazy twists and turns that will have you ditching your Friday night plans for more chapters."--Reese Witherspoon A backpacking trip has deadly consequences in this "eerie psychological thriller . . . with alluring locales, Hitchcockian tension, and possibly the best pair of female leads since Thelma and Louise" (BookPage), from the bestselling author of *The Lost Night* and *The Herd*. A Marie Claire Book Club Pick - Named One of the Most Anticipated Books of the Year by Oprah Daily, BuzzFeed, Reader's Digest, Men's Journal, and CrimeReads Emily is having the time of her life--she's in the mountains of Chile with her best friend, Kristen, on their annual reunion trip, and the women are feeling closer than ever. But on the last night of the trip, Emily enters their hotel suite to find blood and broken glass on the floor. Kristen says the cute backpacker she brought back to their room attacked her, and she had no choice but to kill him in self-defense. Even more shocking: The scene is horrifyingly similar to last year's trip, when another backpacker wound up dead. Emily can't believe it's happened again--can lightning really strike twice? Back home in Wisconsin, Emily struggles to bury her trauma, diving headfirst into a new relationship and throwing herself into work. But when Kristen shows up for a surprise visit, Emily is forced to confront their violent past. The more Kristen tries to keep Emily close, the more Emily questions her motives. As Emily feels the walls closing in on their cover-ups, she must reckon with the truth about her closest friend. Can Emily outrun the secrets she shares with Kristen, or will they destroy her relationship, her freedom--even her life?

In a world where most people believe that they are always right, it has become increasingly difficult for productive conversation to take place. I am proposing that an informal salutation, introduction, communication needs to take place. This should be followed by an intentional invitation for dialogue, on an equal playing field, where trust, generosity can be developed and be evident in transparency at every level. In an interrelated and interconnected world, productive action is possible if we act with wisdom and with a firm commitment toward peace and justice for all. I believe that hello, wisdom, hospitality, trust, generosity and action is the way forward.

"A glimpse into the fragile psyche of a dancer." —The Washington Post Jenifer Ringer, a principal dancer with the New York City Ballet, was thrust into the headlines after her weight was commented on by a New York Times critic, and her response ignited a public dialogue about dance and weight. Ballet aficionados and aspiring performers of all ages will want to join Ringer behind the scenes as she shares her journey from student to star and candidly discusses both her struggle with an eating disorder and the media storm that erupted after the Times review. An unusually upbeat account of life on the stage, *Dancing Through It* is also a coming-of-age story and an inspiring memoir of faith and of triumph over the body issues that torment all too many women and men.

Suzan, a young lady that grew up by her own, starts to rebuild her life after finding the man of her dreams: Ben. The adventure of being married with kids, family, a stay at home mom, a constant difficulty to handle her marriage with Ben. Also, her difficulty to understand Ben's parents that insist on giving them advice and opinions on her own marriage; Will it influence negatively in her relationship with Ben? Once, not sleeping in the same room, can it really destroy their marriage? How can Suzan change the path of her marriage and keep her purpose of building a solid and happy family? This book will show how Suzan's dream can come true even when she had a hard time handling her relationship with Ben.

My Overdue Book: Too many stories not to tell: spells out the varied episodes in the life of a man who spent decades working in Hollywood. He began as a little boy in Cincinnati impressed early on by the broadcasting magic of radio and then TV in the middle of twentieth century America. His drive to get into broadcasting culminates in an early success that gets interrupted by an unexpected sidebar in The US Army and a subsequent tour as an Infantryman in Vietnam in the late 1960's. His yearlong excursion in "Fun City East," with its repeated life and death experiences, had lifelong effects on this soldier-of-media. Following his wanderings through the jungles of Vietnam, Bright's interactions with many of America's top public figures throughout his decades in radio and television come to life with intriguing stories that are personal, professional, positive and negative. It's life without a filter! Readers across generations will share and co-experience numerous real life feelings and emotions with writer Bright as his winding trail of life opens in front of them. book endorsement for peter bright; i always thought that peter bright and i had many things in common; we both grew up in ohio, we both had careers in the live event and variety side of television, and the few times we had times to talk i thought we shared a mutual philosophy toward the ups and downs of life. but it wasn't until i read his "overdue" book that i realized just what a rich and storied life peter has had and how much more deeply he had experienced the highs and lows, particularly during his years in the military, than i ever could have imagined. it really amazes me just how little we know about people we think we know, and just how much more we appreciate who they are when we are fortunate enough to have that background filled in by someone as articulate and able to express both facts and feelings as peter has in this book. when i started to read it, i thought all of those common events that we shared would be an interesting parallel track to my life and as such i would have a great frame of reference, but as i read on, i realized just what an amazing story peter has to tell and just how well he tells it. ken ehrlich, executive producer, the grammy awards

For the Palestinians who live in the narrow coastal strip of Gaza, the Israeli invasion of December 2008 was a nightmare of unimaginable proportions: In the 22-day-long action 1,400 Gazans were killed, several hundred on the first day alone. And yet, while nothing should diminish Palestinian suffering through those frightful days, it is possible something redemptive is emerging from the tragedy of Gaza. For, as Norman Finkelstein details, in a concise work that melds cold anger with cool analysis, the profound injustice of the Israeli assault was widely recognized by bodies that it is impossible to brand as partial or extremist. Amnesty International, Human Rights Watch, and the UN investigation headed by Richard Goldstone, in documenting Israel's use of indiscriminate and intentional force against the civilian population during the invasion (100 Palestinians died for every one Israeli), have had an impact on longstanding support for Israel. Jews in both the United States and the United Kingdom, for instance, have begun to voice dissent, and this trend is especially apparent among the young. Such a shift, Finkelstein contends, can create new pressure capable of moving the Middle East crisis towards a solution, one that embraces justice for Palestinians and Israelis alike. This new paperback edition has been revised throughout and includes an extensive afterword on the Israeli attack on the Gaza Freedom Flotilla which resulted in the deaths of nine activists and further strained the loyalty of many of Israel's traditional allies around the world. It also contains a brand new appendix in which Finkelstein dissects the official Israeli investigation of the flotilla attack.

A fearless young woman from a small African village starts a revolution against an American oil company in this sweeping, inspiring novel from the New York Times bestselling author of Behold the Dreamers. ONE OF THE TEN BEST BOOKS OF THE YEAR: The New York Times • ONE OF THE BEST BOOKS OF THE YEAR: The New York Times Book Review, The Washington Post, Esquire, Marie Claire, and Kirkus Reviews “Mbue reaches for the moon and, by the novel’s end, has it firmly held in her hand.”—NPR We should have known the end was near. So begins Imbolo Mbue’s powerful second novel, How Beautiful We Were. Set in the fictional African village of Kosawa, it tells of a people living in fear amid environmental degradation wrought by an American oil company. Pipeline spills have rendered farmlands infertile. Children are dying from drinking toxic water. Promises of cleanup and financial reparations to the villagers are made—and ignored. The country’s government, led by a brazen dictator, exists to serve its own interests. Left with few choices, the people of Kosawa decide to fight back. Their struggle will last for decades and come at a steep price. Told from the perspective of a generation of children and the family of a girl named Thula who grows up to become a revolutionary, How Beautiful We Were is a masterful exploration of what happens when the reckless drive for profit, coupled with the ghost of colonialism, comes up against one community’s determination to hold on to its ancestral land and a young woman’s willingness to sacrifice everything for the sake of her people’s freedom.

A passionate summer love story about a girl, her childhood best friend, and the small town lies that have kept them apart. Leah Konen’s The Last Time We Were Us is perfect for fans of Jenny Han, Sara Zarr, and Gayle Forman. Liz Grant is about to have the summer of her life. She and her friend MacKenzie are finally getting invited to all the best parties, and, with any luck, Innis Taylor, the most gorgeous guy in Bonneville, will be her boyfriend before the Fourth of July. Then Jason Sullivan comes back to town. A million years ago, he was her best friend, but that was before he ditched her for a different crowd . . . and before he attacked Innis’s older brother and got sent away to juvie. All of Bonneville still thinks he’s dangerous, but Liz finds it hard to believe what people say about her childhood friend. If word gets out she’s seeing him, she could lose everything. But what if there’s more to that horrible night than she knows? And how many more people will get hurt when the truth finally comes out? Liz will have to decide if she can trust herself—and her heart—before it’s too late.

A spellbinding story about love, faith, the search for utopia—and the often devastating cost of idealism. It’s the late 1960s, and two lovers converge on an arid patch of earth in South India. John Walker is the handsome scion of a powerful East Coast American family. Diane Maes is a beautiful hippie from Belgium. They have come to build a new world—Auroville, an international utopian community for thousands of people. Their faith is strong, the future bright. So how do John and

Diane end up dying two decades later, on the same day, on a cracked concrete floor in a thatch hut by a remote canyon? This is the mystery Akash Kapur sets out to solve in *Better to Have Gone*, and it carries deep personal resonance: Diane and John were the parents of Akash's wife, Auralice. Akash and Auralice grew up in Auroville; like the rest of their community, they never really understood those deaths. In 2004, Akash and Auralice return to Auroville from New York, where they have been living with John's family. As they reestablish themselves, along with their two sons, in the community, they must confront the ghosts of those distant deaths. Slowly, they come to understand how the tragic individual fates of John and Diane intersected with the collective history of their town. *Better to Have Gone* is a book about the human cost of our age-old quest for a more perfect world. It probes the underexplored yet universal idea of utopia, and it portrays in vivid detail the daily life of one utopian community. Richly atmospheric and filled with remarkable characters, spread across time and continents, this is narrative writing of the highest order—a heartbreaking, unforgettable story.

He had her at "hello again..." After the prom night accident that had stolen the innocence of his small lakeside hometown, Jack Llewellyn had run. For those who could read between the lines, the censored news out of China was terrifying. But the president insisted there was nothing to worry about. Fortunately, we are still a nation of skeptics. Fortunately, there are those among us who study pandemics and are willing to look unflinchingly at worst-case scenarios. Michael Lewis's taut and brilliant nonfiction thriller pits a band of medical visionaries against the wall of ignorance that was the official response of the Trump administration to the outbreak of COVID-19. The characters you will meet in these pages are as fascinating as they are unexpected. A thirteen-year-old girl's science project on transmission of an airborne pathogen develops into a very grown-up model of disease control. A local public-health officer uses her worm's-eye view to see what the CDC misses, and reveals great truths about American society. A secret team of dissenting doctors, nicknamed the Wolverines, has everything necessary to fight the pandemic: brilliant backgrounds, world-class labs, prior experience with the pandemic scares of bird flu and swine flu...everything, that is, except official permission to implement their work. Michael Lewis is not shy about calling these people heroes for their refusal to follow directives that they know to be based on misinformation and bad science. Even the internet, as crucial as it is to their exchange of ideas, poses a risk to them. They never know for sure who else might be listening in.

Two lives. One hour. A lifetime consequence. I believe in choice, not fate. I chose to nurse a broken heart at the kitschy country bar that night. I chose to let Isaac Cordova buy me a drink. I chose to spend one hour with a near stranger in an attempt to soothe my pain. No last names, no details about our lives, just one hour where I was allowed to forget, and then we would never see each other again. But was it a choice when I ran into him five years later? I needed help, and he was the only person equipped to give it. Our instant attraction doesn't feel like much of a choice either, but it doesn't matter. Everything has changed. Now my choices impact other people. And what will I choose? Do I keep Isaac out? Do I dare to let him in?

An intimate trip through queer history. "An absolute tour de force." ?Maggie Nelson Strobing lights and dark rooms; throbbing house and drag queens on counters; first kisses, last call: the gay bar has long been a place of solidarity and sexual expression—whatever your scene, whoever you're seeking. But in urban centers around the world, they are closing, a cultural

demolition that has Jeremy Atherton Lin wondering: What was the gay bar? How have they shaped him? And could this spell the end of gay identity as we know it? In *Gay Bar*, the author embarks upon a transatlantic tour of the hangouts that marked his life, with each club, pub, and dive revealing itself to be a palimpsest of queer history. In prose as exuberant as a hit of poppers and dazzling as a disco ball, he time-travels from Hollywood nights in the 1970s to a warren of cruising tunnels built beneath London in the 1770s; from chichi bars in the aftermath of AIDS to today's fluid queer spaces; through glory holes, into Crisco-slicked dungeons and down San Francisco alleys. He charts police raids and riots, posing and passing out—and a chance encounter one restless night that would change his life forever. The journey that emerges is a stylish and nuanced inquiry into the connection between place and identity—a tale of liberation, but one that invites us to go beyond the simplified Stonewall mythology and enter lesser-known battlefields in the struggle to carve out a territory. Elegiac, randy, and sparkling with wry wit, *Gay Bar* is at once a serious critical inquiry, a love story and an epic night out to remember.

Charlie struggles to cope with complex world of high school as he deals with the confusions of sex and love, the temptations of drugs, and the pain of losing a close friend and a favorite aunt.

Love transcends all boundaries. It reaches beyond the sunset and back and again. Love won't leave you alone. "For a time we were titans is the memoir of an LRP/Ranger in Vietnam. It follows ten GIs from their arrival at the LRP compound in Ban Me Thuot in October 1968 to ... September 1969 ... This is the war as a LRP saw it. LRP's were the Long Range Patrol units that served as the eyes and ears of the infantry, who were dropped into enemy territory and given the responsibility of finding the hiding places of an elusive foe. It is not the story of massive battles and strategic operations, but rather depicts actual contacts between four and five man LRP Teams and unknown numbers of North Vietnamese or Vietcong"--P. 4 of cover.

"From the world-renowned physicist, co-founder of the World Science Festival, and best-selling author of *The Elegant Universe* comes this utterly captivating exploration of deep time and humanity's search for purpose. Brian Greene takes readers on a breathtaking journey from the big bang to the end of time and invites us to ponder meaning in the face of this unimaginable expanse. He shows us how, from its original orderly state the universe has been moving inexorably toward chaos, and, still, remarkable structures have continually formed: the planets, stars, and galaxies that provide islands in a sea of disorder; biochemical mechanisms, including mutation and selection, animate life; neurons, information, and thought developed into complex consciousness which in turn gave rise to cultures and their timeless myths and creativity. And he describes, as well, how, in the deep reaches of the future, the nature of the universe will threaten the existence of matter itself. Through a series of nested stories Greene provides us with a clearer sense of how we came to be, a finer picture of where we are now, and a firmer understanding of where we are headed. Taken together, it is a completely new perspective on our place in the universe and on what it means to be human"--

Everybody has a secret... The stunning new novel from the bestselling Irish author. Marianne has worked hard to get where she is today. Brought up in care, she's always been determined to make sure her children have what she so badly craved: a secure and loving home. But then comes the news that will change everything: her husband, Dominic, has been found dead. But as Marianne listens, she realises that not everything adds up: Dom had said he was at work, and yet he died at a restaurant. And what's more, his mobile phone has disappeared. As she, and the police, delve deeper into the circumstances surrounding Dominic's death, they discover a web of lies which conceal a shady double life. And those lies now threaten to tear apart everything that Marianne has worked so hard for. Now, as Marianne stares down at her husband's coffin, little does she realise that the worst is yet to come...

Chris Roscoe, son of a policeman, was a corpsman in the Army. After his tour of duty in Vietnam, he went to college to pursue a nursing degree so he could continue to help the sick and injured. Along the way he met Alexandra Walton, a beautiful rich girl. They were classmates and friendly acquaintances, but after the class was over, they went their separate ways...until years later when Alex was injured in an accident and admitted to the hospital where Chris worked. They rekindled the friendship; only this time they fell in love. After marriage and a beautiful daughter, Chris discovered that he didn't know his wife. Alex had a hidden past, one that she was ashamed of but that didn't stop her from turning to it when her life wasn't going well, in her opinion, anyway. Chris loved and cherished her; together they had a beautiful new home, a child, and everything she could want, he found out that it wasn't enough. She wanted more, and what she wanted, he couldn't give her. Alex's story is one shared by many. Her struggle with substance abuse affected her marriage...and her life.
