A 31-Day planner to assist the busy Virtual Assistant and Event Planner in keeping track of tasks, amount of time, goals and completed projects.

The Smart Business Owner's Guide to Virtual Assistance lays out the professional expectations for both small business owners and virtual assistants in a book that will also teach you: - Why a VA is not an employee (and how this benefits you!) - The best places to find a virtual assistant online. - How to maximize your RFP (Request for Proposal) submissions so you get the best responses from the best VAs for your project - every time. - The ten most important questions to ask when first speaking with a prospective VA. - Tips on the fine art of delegating so that you and your VA get the most out of your working relationship. - The vast differences between a professional virtual assistant and an offshore VA call center. - AND - you'll also get a list of 50+ tools that will make working virtually a snap! Chapters include: What is a Professional Virtual Assistant? Where to Find a Professional Virtual Assistant How to Submit an RFP that Gets Results 10 Questions to Ask a Prospective Virtual Assistant How to Delegate to a Virtual Assistant Do You Want it Done, or Do You Want it Done RIGHT? This introduction to the world of virtual assistance will leave you better equipped to find, select, hire, and effectively work with a professional virtual assistant for the growth of your business.

Have you ever wondered how much money the virtual assistants (VA) make & what type of jobs they typically do? If so, you are not alone. This is one of the rapidly growing industries with tons of work outsourced by small to big companies. Even the solopreneurs are taking this as a profession. As a VA, you can make money by working from anywhere across the world. So long as you have an Internet connection and a Smartphone or a computer, you can work as a VA. I wish I had written this book back in the year 2017 when one of my friends was struggling to make good money as a VA so that he could have a smooth transition being a VA. But now he and many other VAs are making more than \$3000/month+ and are traveling all around the world, living a digital nomad life. Hi, my name is Abhi and Co-Founder & CEO of a Facebook specialized advertising company Digital Pexel, I hire VAs for almost all of my work, like data entry, email response, appointment scheduling and more and I was VA even before my journey of entrepreneurship has started. Most of the companies out there hire a VA for both short-term & long-term projects and you can encash this opportunity. If all of this sounds exciting to you, then read on because I've got a lot more to train you on. So you might be wondering that all this sounds good, but who exactly is a virtual assistant (VA)? A virtual assistant (typically abbreviated to VA, also called a virtual office assistant) is a person who provides support services to other businesses from a remote location and provides professional, administrative, technical, or creative (social) assistance to the clients remotely from home or own office and not from the client's location. It's a win-win situation for both you and your clients, as you being a VA can charge variable pricing from client to client depending on your skills and client's project. Whereas the client is also benefited from virtual assistants as VAs are independent contractors rather than employees. Clients are not responsible for any employee-related taxes, insurance or benefits, except in the context that those indirect expenses are included in the VAs fees. These days, clients also avoid the logistical problem of providing extra office space, equipment or supplies. Clients pay for 100% productive work and can work with virtual assistants individually, or in multi-VA firms to meet their exact needs. What does a Virtual Assistant Do? You might be thinking that it sounds great to me but does a VA actually do? The answer is pretty simple; anything that is done online can be done by a VA. A VA can do anything that's done by support except bringing a coffee;) If you are excited to know more purchase this book, which you will help become a perfect VA and earns some real money as VA. Virtual Assistants work from home, providing everything from administrative support to high-end consulting via email, phone, and fax. Predicted to be a \$130 billion industry by 2008, they don't commute, they set their own hours, and they get to spend time with their kids. Wouldn't you like to be a VA, too? Christine Durst founded the Virtual Assistant industry in 1995 from a basement office in rural Connecticut. Michael Haaren, an ex-Wall Street attorney (who grew up in a log cabin), was one of her clients. Together they launched Staffcentrix, a leading VA training company, and the International Virtual Assistants Association, built the first Portable Career/Virtual Assistant Training Program for the Armed Forces, presented at the United Nations, and transformed the Virtual Assistant movement into a global phenomenon. Drawing on years of experience training and mentoring Virtual Assistants around the world, Chris and Mike take the mystery out of home-based virtual careers, and help you avoid the common pitfalls, too. In The 2-Second Commute, you'll learn how to: Market the skills you already have Overcome shyness to get the work you want Launch your VA business on a shoestring Use the business to strengthen your family And much more! The 2-Second Commute's self-assessment exercises will help you decide whether the VA path is a good fit for you, or if you need to acquire new skills before setting out. Interviews with successful VAs, VA clients, and telework industry experts will help you find good clients and projects ASAP (and avoid bad ones), and leverage your first assignment toward a foundation of consistent cashflow that meets your financial and work-life goals. Along the way, you'll meet people who will support and inspire you to do what you, too, may have often longed to do: bid farewell to the rat race, earn a respectable income, and spend more time with your family.

Written by a former Times Crème PA of the Year, this new edition of The Definitive Personal Assistant and Secretarial Handbook is the ultimate guide for all management assistants, PAs, secretaries and executive assistants. Can you fall for someone you've never met? Hailey Taylor Emery has a hunch that her favorite client at Fetch--an anonymous virtual assistant service--is actually hockey star Matt Eriksson. Although it's against the rules for her to check his file, she's 95% sure she spends at least part of each day texting with her lifelong crush and catering to his every need. Still nursing a wounded heart thanks to her recent breakup, Hailey is perfectly content with some harmless online flirting...until she has to meet her client. Face to face. Cue: utter panic. Matt Eriksson is no stranger to heartbreak. He's still not over the destruction of his marriage, and it sucks to be the only guy on the team who knows the truth--that hockey and long-term relationships are a toxic mix. He barely sees his kids, and dealing with his ex makes him feel insane. The only person in his life who seems to understand is someone who won't show her pretty face. But it's nothing that a pair of fourth row hockey seats can't fix. Hailey can't resist the offer. Matt can't resist Hailey. Good thing he doesn't have to. Fire up the kiss cam! Warning: Contains rabid hockey fans, misunderstood dick pics, hockey players at the opera and exploding ovaries. "If I had to pick two authors who I'd have team up, it would be Bowen and Kennedy" -- #1 New York Times bestselling author Colleen Hoover "Everything Sarina Bowen & Elle Kennedy write is pure gold. Please excuse me while I read this one all summer long." Hypable Keywords: Hockey romance, Toronto, Sports Romance, Romantic comedy, contemporary romance For fans of: Vi Keeland, Corinne Michaels, Melanie Harlow, Penelope Ward, Lauren Blakely, Kendall Ryan, Sierra Simone, Sawyer Bennett, Catherine Gayle, Toni Aleo

Are You Running Your Business or is Your Business Running You? Virtual Assistant Assistant is the book for entrepreneurs who are looking for a way to take their business to the next level. If you've ever caught yourself thinking there just aren't enough hours in the day, there is a solution. And it won't make you go broke, either. Virtual assistants are essentially telecommuting contractors to your business. This book tells you everything you need to know about virtual assistants, including: Where to find the best ones How to hire them Best practices for working with them on an ongoing basis It's written from firsthand experience, NOT theoretical or academic fluff. You'll learn how a talented virtual assistant can help save you time, money, and headache. Take control of your entrepreneurial life and learn how to effectively outsource your non-essential tasks. You'll free up hours every day to focus on what's really important. In the end,

virtual assistants can help you lead a happier, healthier, and more productive and stress-free life. It's possible (and I would argue essential) to unload many aspects of your day-to-day work, leaving you free to tackle the higher-level, strategic, and money-making projects that often get neglected. Time is Our Most Valuable Resource But it's also the resource we are quickest to waste. With this book, you may not achieve the 4 Hour Work Week right away, but you'll get actionable advice on how to get started with outsourcing. The world's most successful people didn't get there alone; they all had help along the way. What are you waiting for? Hit the Buy Now button and get started today.

Think of it, to try and make movie. What a crazy idea! This popular handbook is designed to give new Production Assistants (P.A.s) an edge in the insane world of movie making. Topics include how to get your first job, the basics of lock-downs, radio communication, running talent, what to bring to a set, and driving. Written by a P.A., this handbook is full of advice and stories from the trenches. The 3rd edition has been expanded and checked by industry professionals, P.A.s and instructors at film schools.

Smash Your To Do List and Be More Productive! A Virtual Assistant can revolutionise your time management, enable you to fully exploit your entrepreneurial side or simply create that perfect life balance you have been seeking. But finding the right one is not so easy, until now. The Fast Guide to Hiring (and Keeping) a Virtual Assistant is the book for entrepreneurs, small business owner or anyone looking to create more time to focus on the more important and profitable aspects of their business or their life. This guide will: \* Explain how a virtual assistant can take your productivity and profitability to the next level. \* Describe the author's own experiences - negative and positive. \* Detail the where and how of recruiting a great virtual assistant. \* Describe the best practice to build a strong relationship with your virtual assistant. \* Offer practical examples of how to use a virtual assistant to save time and money. \* Answer some frequently asked questions on virtual assistants. \* Give you a long list of useful links for further reading. The book comes from the author's first hand experience of recruiting and working with virtual assistants, from the early failures to the ultimate success. Read this guide and you will avoid making the same mistakes he made. You will learn the benefit of a virtual assistant through practical examples, how and where to find the right virtual assistant, what work to outsource and how this will directly benefit your life or your business. Entrepreneurs will learn how to hand over tasks that clog up their time. Small Business Owners will learn how to become more productive and able to focus on what they do best. Professional Parents will learn how a virtual assistant can ease the burden and increase quality family time. Managers will learn how they can ease their workload, increase productivity and create a better balance.

The life and times of the Smart Wife--feminized digital assistants who are friendly and sometimes flirty, occasionally glitchy but perpetually available. Meet the Smart Wife--at your service, an eclectic collection of feminized AI, robotic, and smart devices. This digital assistant is friendly and sometimes flirty, docile and efficient, occasionally glitchy but perpetually available. She might go by Siri, or Alexa, or inhabit Google Home. She can keep us company, order groceries, vacuum the floor, turn out the lights. A Japanese digital voice assistant--a virtual anime hologram named Hikari Azuma--sends her "master" helpful messages during the day; an American sexbot named Roxxy takes on other kinds of household chores. In The Smart Wife, Yolande Strengers and Jenny Kennedy examine the emergence of digital devices that carry out "wifework"--domestic responsibilities that have traditionally fallen to (human) wives. They show that the principal prototype for these virtual helpers--designed in male-dominated industries--is the 1950s housewife: white, middle class, heteronormative, and nurturing, with a spick-and-span home. It's time, they say, to give the Smart Wife a reboot. What's wrong with preferring domestic assistants with feminine personalities? We like our assistants to conform to gender stereotypes--so what? For one thing, Strengers and Kennedy remind us, the design of gendered devices re-inscribes those outdated and unfounded stereotypes. Advanced technology is taking us backwards on gender equity. Strengers and Kennedy offer a Smart Wife "manifesta," proposing a rebooted Smart Wife that would promote a revaluing of femininity in society in all her glorious diversity. You've finally finished your personal statement and it's perfect! There's just one thing to consider before hitting the "send" button - will it meet the admission team's expectations? How will you know? CASPA guidelines are vague - "Write a brief statement expressing your motivation or desire to become a physician assistant." School websites aren't generally more helpful. Do they want to hear that you've dreamed of becoming a PA since you were five and loved your toy stethoscope? Are they interested in your volunteer work at a homeless shelter? Will it help that you've been a science nerd since 9th grade Biology? How should you tell your story? Should it read like a textbook, a novel or something in between? The fact is there hasn't been much guidance. Until now. Admissions directors and faculty from PA programs across the country have shared their thoughts on personal statements - what they hope to see, what they wish they'd never see, and tips to make an essay shine. When compiling this book, we realized that access to insider information is just the first step to writing a winning personal statement. That's why we teach you everything you need to know about essay writing, from form to finesse, with step-by-step tips and examples. This is your all-in-one guide to writing the ideal personal statement for Physician Assistant programs anywhere in the country.

Gain Flexibility And Freedom By Offering Services Online Are you looking for a business that you can run from the comfort of your home? A business that you can start in just a few simple steps? Maybe you've heard about Virtual Assistants (VAs) but don't really know what they do. Or perhaps you know that starting a VA business would be a great fit, but you're unsure how to get started. Whether you're new to the idea of working online or looking to expand your skills and create a sustainable income, this book is for you. Make Money As A Virtual Assistant contains all the essential tools and resources in a step-by-step guide that will help you set up and grow your own business. Drawing on her wealth of experience, Gina Horkey dispels common myths and breaks down each part of the process, leaving you with practical action steps that are simple to follow. Discover how to: \* Turn your existing skills into services that are in-demand \* Establish your online presence and attract clients \* Work out your rate and get paid easily \* Find and pitch your ideal clients \* Scale your business and increase your profits When you follow the steps in Make Money As A Virtual Assistant, you'll see for yourself why becoming a VA is not only a great idea, but is an area that is rapidly growing in the online space. In this book, you'll discover that the opportunities are endless, if you're willing to do the work. Many people dream of creating a work-from-home business but are afraid of pitching their services and marketing their skills. With humor and understanding, the author tackles those fears and provides templates and checklists so you can begin filling your client roster in just a few weeks. If you're looking for a career that provides flexibility, the opportunity to use current skills and learn new ones, hours that suit you and unlimited earning potential, this book will guide you every step of the way. Are you ready to start your dream career as a Virtual Assistant? Get your copy today by clicking 'Buy Now'!

Real-life tools and advice for every administrative professional

How to Run a Successful Virtual Assistants Business! Most businesses today, whether big or small are accepting the idea of having virtual assistance, this lessens the workload on the company and is cheaper than having to create a whole department to take on the same tasks. Virtual assistance is fast becoming a popular option for many. Get all the info you need here. Below are the inform...

Description Alexa The 999 Best Things to Ask Alexa. Your Alexa Personal Assistant User Guide. One of the most common things about the human race is communication. This feature has united human beings more than anything has done before. Communication simply helps us express ourselves. How we feel, how we want or even share our opinions. Human beings have made huge steps towards making communication such an easy thing. The old signals are long gone. We landed on telegrams thinking we have nailed it only for emails to pop up. Technology has completely revolutionized our communications in many aspects. All is aimed at making work easier. We have witnessed excellent phones and other mobile devices emerge and take over the market. In the spirit of convenience, the human race is keen to use our gadgets do some of the basic jobs we do by ourselves. For example, if you can have "someone" switch on the lights on your behalf on just a voice command, you can make your work easier. This idea of having a personal Alexa guide became promising when creativity took human beings to a level of making the assistant virtual. A virtual assistant is an inbuilt robotic system where you can have interactions. The assistant best responds to commands and queries. The most common virtual assistants are the famous Alexa developed by Amazon, Siri developed by Apple and the Google Assistant developed by Google. Amazon has largely given attention to details based on convenience and need. Amazon was keen on developing and selling the Kindle tablets which have widely changed how we read books. Then they introduced Alexa to simply help read the e-books while you are multi-tasking on other roles. Alexa has performed extremely well on this role to a point Amazon introduced her to other Amazon gadgets like the Amazon Echo devices. The use of Alexa has also massively evolved from Kindle to cars and now robotics within our living and working environments. With equipped gadgets, you can control your house temperature or even adjust your bulb light all this by a voice command to Alexa. We have carefully gathered several Alexa tips and areas of use and came up with this exciting guide book. We aim to help you improve your Alexa experience plus equip you with more Alexa skills that maybe you never knew. We have also given attention to highlight some of the devices that are Alexa compatible so that you can tap on every single technology drop from them. Alexa ( Echo, Dot, Show, Look or any other Alexa device ) is your assistant. Use her maximum. This great guide book will delve into the following topics to help you get most of Amazon Echo in your environment: Devices that have Alexa What is the Alexa System and why do you need it? Setting Up Alexa What the Alexa Skills Kit is and How to Use it. Writing Your Own Alexa Skill - the Alexa Skills Kit Best Alexa Skills for any Beginner Best Tips for Building Alexa Skills All About Alexa Voice Services Alexa Skills to Enable and Disable Tips and Tricks to Use Your Alexa system Tips for Using IFTTT Using Multiple Echos The Best Devices to Pair with Alexa Smart Home Applications (Alexa Skills for your Smart Home Devices) All About Alexa Voice Search The best words for a food list or Google Calendar The Ultimate Cheat Sheet of Alexa Voice commands to Use Download your copy of " Alexa " by scrolling up and clicking "Buy Now With 1-Click" button.

Are you a Virtual Assistant or do you know one ? Then this Virtual Assistant Journal is perfect for you! 110 Blank Lined pages 6 x 9 inches size Soft and glossy cover, easy to carry everywhere you go Can be used as a virtual assistant log to write down your client contact list, task and timetable This diary for virtual assistants writing book can also be used for homework, to-do lists, grocery lists It is an ideal present for entrepreneur men, women who work at home Perfect gift idea for Birthdays, Mothers Day, Fathers Day, Christmas

A project-based book that teaches beginning Python programmers how to build working, useful, and fun voice-controlled applications. This fun, hands-on book will take your basic Python skills to the next level as you build voice-controlled apps to use in your daily life. Starting with a Python refresher and an introduction to speech-recognition/text-to-speech functionalities, you'll soon ease into more advanced topics, like making your own modules and building working voice-controlled apps. Each chapter scaffolds multiple projects that allow you to see real results from your code at a manageable pace, while end-of-chapter exercises strengthen your understanding of new concepts. You'll design interactive games, like Connect Four and Tic-Tac-Toe, and create intelligent computer opponents that talk and take commands; you'll make a real-time language translator, and create voice-activated financial-market apps that track the stocks or cryptocurrencies you are interested in. Finally, you'll load all of these features into the ultimate virtual personal assistant – a conversational VPA that tells jokes, reads the news, and gives you hands-free control of your email, browser, music player, desktop files, and more. Along the way, you'll learn how to: ? Build Python modules, implement animations, and integrate live data into an app ? Use web-scraping skills for voice-controlling podcasts, videos, and web searches ? Fine-tune the speech recognition to accept a variety of input ? Associate regular tasks like opening files and accessing the web with speech commands ? Integrate functionality from other programs into a single VPA with computational knowledge engines to answer almost any question Packed with cross-platform code examples to download, practice activities and exercises, and explainer images, you'll quickly become proficient in Python coding in general and speech recognition/text to speech in particular.

A journal and planner for busy virtual assistants and events planner to help them to stay organized with their clients

Do you ever feel like you're overwhelmed by the minutiae of life? Does it seem like your to-do list never shortens and you're wasting your time doing the same tasks over and over and NOT making any headway? Are you trapped in this never-ending cycle with seemingly no way out? There's an answer: virtual assistants! I was trapped, and I found a solution. A few years ago I decided to hire a virtual assistant and it changed my life. Outsourcing mastery was now within my reach! I was able to free up a tremendous amount of

time to spend on my passions and my dreams. The minutiae of life? Gone! The feeling that I was trapped in the "to-do list" cycle? Abolished! I did the hard work, found a great virtual assistant, and my experiences (good and bad) formed the basis for this book. This book will take you through everything you need to know about virtual assistants including:- Why you need a virtual assistant - What a virtual assistant can do for you including actual examples of tasks that I and my colleagues have outsourced to virtual assistants - Where to find a virtual assistant - How to interview a virtual assistant - How to best work with a virtual assistant, with tips and guidance on outsourcing from my own personal virtual assistant - A list of technological resources to utilize with your virtual assistant (programs, apps, and more) So many times we talk of better operations and management strategies. But, equally as often, we forget that whenever a task is created, we must always think of whether or not this task could be done more effectively and efficiently by someone else. In many instances, this "someone else" can be a virtual assistant, a professional aide that, due to the technological leaps in the last decade, is now available to even the smallest entrepreneur, solopreneur, and busy professional. These days everyone is using a VA from Michael Hyatt to the smallest one-person business. Virtual freedom is within your reach! Making appointments, answering customer complaints, scheduling interviews, crafting travel itineraries, designing websites, writing blog posts: These are all examples of tasks that can be easily outsourced so that you can spend your time on your passions and making your business run! If you're starting a business, outsourcing mastery is a must--you NEED a virtual assistant to help you compete in the 21st century environment! In the end, hiring a virtual assistant was one of the absolute best ways I could increase my personal efficiency and doing so liberated my life. My hope is that each of you can now take the information I've provided in this book and do the same to liberate your own life to follow your dreams.

You wear busy like a badge of honor. You never get enough sleep. When you get to the end of the work week, you have no idea what you really accomplished (if anything). You believe it's best to just do everything yourself. Does this sound like your life as a business owner, manager, or entrepreneur? You're not alone, but it's time to make a change. It's time to stop panicking and start living the life you want. Richard Branson says that one day offices will be a thing of the past. Freelancers now account for 34 percent of the total U.S. workforce. Half of the total workforce will be working virtually by 2020. And yet, the conversation around virtual assistants has gone from terrible to just "meh" over the last ten years. This is progress, but is not exactly inspiring. Luckily, what started as a cheap way for executives and entrepreneurs to get a few things done is finally being taken seriously by more than just the early adopters. In the best relationships, a virtual assistant becomes a partner in the client's business. A great VA is the right-hand workhorse to business owners, managers, and entrepreneurs-providing useful, reliable services with a smile and a high five. So, if you recognize that virtual assistants are the wave of the future, but you're feeling too scared, too cash-strapped, or too busy to hire one to help you, don't panic! This book will help you recruit the right assistant and cultivate a relationship that lasts so you can do more of what you love. This book will show you: How to dig deep into finding the things you love to do so you can do more of them How to determine whether you need an executive assistant, a virtual assistant, or something else Why soft skills matter more than hard skills, and several core values you should look for in a virtual assistant How to find, interview, and test a VA How to nurture your VA to create a relationship based on trust, strong communication, and long-term success How contributing to the virtual economy helps build a future of world-changers Plus, a healthy dose of fun, real-life examples will show you how it all works in action!

Can you call it an office romance if we've never actually met? Sara has a kick-ass life. She has loyal friends, works from home, and sets her own hours as a virtual assistant. Perfect... Except that Sara doesn't actually exist. She's just a borrowed name I use when I'm hiding behind my computer screen. Because my real name - Andi Clark - has too much baggage attached to it. And pretending to be someone else is the only way I can earn enough to make up for the mistake I made and the lives I ruined. If I hadn't typed my new boss' name into that search engine, everything would've stayed on track. I would've kept imagining Hayden looking the same as I pictured all my clients - late fifties/early sixties, a little soft around the middle, and a lot more forehead than hair. Unfortunately, I couldn't have been more wrong. Seriously, how many VPs of billion-dollar companies look like they model underwear after leaving the office? Damn it, if I'd never found out what an amazing man Hayden is, I wouldn't want to cry every time he calls me Sara. But hey, that's life, right? And nobody's life is perfect. Actually... My name is Hayden Bennet, and my life is pretty damn perfect. I'm married to a beautiful woman, live in a luxury apartment, and am prepped to take over the multi-billion-dollar company my father built. Perfect... Except all of it is a lie. My wife is madly in love with someone else, my career is meaningless, and I've forgotten how to live, let alone be happy. Until I hired a new online assistant, I thought life was meant to be endured. It isn't. It's meant to be lived. Enjoyed. And yeah, loved. Without Sara, I would've missed all of it. It's crazy. I'd give up everything I have to be with her, and I still have no idea what she looks like.

Unfortunately, the only way to get what I want is for a lot of good people to lose everything. \*This standalone workplace romance is a modern fairytale retelling, complete with a happily ever after. Along with a lot of snark, some angst, and a very noble, very honorable alpha male. I promise - Hayden doesn't cheat on his wife. He's too good to hurt and disrespect a woman like that. Trust me, you'll understand when you read the book. Now Available Darker Water (Once and Forever #1) Deeper Water (Once and Forever #3) Immaterial Defense (Once and Forever #4) ~ This highly-anticipated sequel to DARKER WATER is a standalone contemporary romance inspired by Sleeping Beauty. VIRTUALLY IMPOSSIBLE is Hayden and Andi's story, and this is how their fairytale begins: Once upon a time there was a woman who made the mistake of trusting the wrong man. And that mistake led to another. And another and another, each more damaging than the last. But the woman was as ignorant of her mistakes as she was of the damage they caused. Until she was punished for them. Around the same time, but in a totally separate part of the city, lived a nobleman and his beautiful wife. Though their castle was the envy of all, its empty halls echoed of loneliness and regret. For the man had lived his entire life asleep, and both of them remained silent of who they truly were and what they

truly wanted. And then one day, the woman entered the man's life and forced him to awaken...

Are you ready to change your life and your lifestyle by becoming a virtual assistant? You might have seen ads or heard of someone who was working as a VA and wondered if you could do the same. You can! I wrote this book to teach you all you need to know to start your own VA business. By sharing my own experiences and insights, you will save months or even years trying to figure everything out on your own! I first became a virtual assistant while working remotely for my employer. After only a few months of being a VA, my employer sent out new contracts for the year. I had to make a decision then for the upcoming year. Suddenly my lifelong philosophy of "I will never own my own business" didn't seem like such a bad idea. If I could do what I was doing for my employer, couldn't I do it for myself? With little thought, no business plan, no knowledge of how to run a business, and-crazy enough-no fear, I sent the contract back to my employer-unsigned. I told my employer I felt this was my opportunity, and I had to take it. It was now or never. He understood and was supportive. I finished out my contract and then I was officially on my own. There was one big problem. Where do I find my clients? The question virtual assistants ask the most, second only to "How do I get rid of this client?" Sadly, not all VAs make it through the first year and some are never able to do more than keep it as a side gig ultimately working two jobs. Throughout this book I will answer the most asked questions, including the questions you don't know you need to ask. I will take you from where you are now to owning a successful virtual assistant business in the least amount of time, spending the least amount of money, and get you to your first client quickly. You'll learn how to grow, scale, and reach elite VA status generating income through several different sources all without being chained to a desk. I never had a problem getting a job in my life. Somehow I thought gaining clients would be as simple. I would prove myself wrong. That one problem led to so many others questions that I couldn't answer. And I quickly realized no one could help me. All the mentors, coaches, and guides didn't understand where I was coming from. They had never been an administrative professional. They were not familiar with the mindset of an admin, so they didn't know how to transition my skills to the virtual assistance world. Through trial and error, I learned to weave business principles into the mindset and service-based world of virtual assistance. I figured out how to do what I do best, how to get paid what I'm worth, and how to enjoy the life of being a business owner. I ditched the traditional 9 to 5 job and made my own rules. Being a VA isn't simply about doing the work of an assistant; it is understanding the business side of business. Consider this book your roadmap. I wish someone had given me one! This roadmap will provide you a foundation on which to build your VA business. You will be able to take the principles and guides in this book and personalize them to your own business. While the process won't be linear, each step will reveal another opportunity. I'll share what others won't tell you. They can't. They don't know. I have the unique perspective of matching clients with VAs and consulting others, answering all their questions, listening to what they are looking for and what makes a good virtual assistant. Any VA can make the minimum. You'll learn how to get the premium clients, how to work with the best of the best. Ultimately, you'll be able to live out your wildest dreams. **BUY THE BOOK NOW!** I've even included a complimentary workbook to help you through the steps. Don't wait another moment. Let's get started now!

Do you worry that your business will collapse without your constant presence? Are you sacrificing your family, friendships, and freedom to keep your business alive? What if instead your business could run itself, freeing you to do what you love when you want, while it continues to grow and turn a profit? It's possible. And it's easier than you think. If you're like most entrepreneurs, you started your business so you could be your own boss, make the money you deserve, and live life on your own terms. In reality, you're bogged down in the daily grind, constantly putting out fires, answering an endless stream of questions, and continually hunting for cash. Now, Mike Michalowicz, the author of Profit First and other small-business bestsellers, offers a straightforward step-by-step path out of this dilemma. In Clockwork, he draws on more than six years of research and real life examples to explain his simple approach to making your business ultra-efficient. Among other powerful strategies, you will discover how to:

- Make your employees act like owners: Free yourself from micromanaging by using a simple technique to empower your people to make smart decisions without you.
- Pinpoint your business's most important function: Unleash incredible efficiency by identifying and focusing everyone on the one function that is most crucial to your business.
- Know what to fix next: Most entrepreneurs try to fix every inefficiency at once and end up fixing nothing. Use the "weakest link in the chain" method to find the one fix that will add the most value now. Whether you have a staff of one, one hundred, or somewhere in between, whether you're a new entrepreneur or have been overworked and overstressed for years, Clockwork is your path to finally making your business work for you.

The No1 Best Seller for Secretarial and Office Skills on Amazon UK. A fantastic learning and development book for Personal Assistants, Executive Assistants, Office Managers and Admins.

This manual was created by a working production assistant as a tutorial for those starting out, or a reference guide for seasoned filmmakers. "Getting It Done" offers information on the many departments involved in a film production, the day-to-day operations of the set, and much more.

Technological innovation continues to be present in all areas of our lives, offering seemingly endless possibilities. As technology is increasingly implemented in healthcare applications, it is necessary to understand whether users respond to a predefined organizational strategy of model of care or whether they will become wholly dependent on the healthcare technology. This understanding is especially crucial when dealing with the possibility of generating inequities, especially with individuals that are elderly. Exploring the Role of ICTs in Healthy Aging is a collection of innovative research that proposes the detailed study of a strategic framework for the development of technological innovation in healthcare and for its adoption by health organizations. While highlighting topics including emotional health, quality of life, and telemedicine, this book is ideally designed for

physicians, nurses, hospital staff, medical professionals, home care providers, hospital administrators, academicians, students, and researchers. Moreover, the book will provide insights and support executives concerned with the management of expertise, knowledge, information, and organizational development in different types of healthcare units at various levels.

**#1 Gift For Virtual Assistants** Discover the hottest trend with this best-selling title. Give the gift of laughter! "Finally a gift that doesn't suck." "So funny I nearly pissed myself." Perfect humorous gift for family, friends, coworkers, parties, stocking stuffer, and gift exchanges. Great as a gift or for yourself! Give the gift of laughter. Treat yourself, someone you love... or someone you hate! Why are you doing EVERYTHING yourself? What would you do if you had even one more hour a day devoted solely to growing your business and making more money? Virtual assistants will make your life easier by taking the stress out of your business life. As a small business owner, you need more time so you can make more money and stay competitive in an ever-changing world. If you're spending less than 70 percent of your time on work that doesn't generate revenue, isn't building relationships, or isn't creating new products, then you're not spending enough time on your business. It means you're spending too much time in your business. This book will show you why Virtual Assistance (VA) is the answer. **Hire the Right Virtual Assistant** is the complete guide to: Know what a VA is and how they differ from Executive Assistants Understand the benefits and need of a VA - it's more than just outsourcing Hiring the right VA the first time in less time than you think Finally be able to use the VA right away to make the biggest impact in your business and free up your time If you had time right now to work on your business instead of in it, what could you do? Could you make a sale? Visit a client and earn more business? Make another 20 calls a day to land more clients? Work the pipeline? Network? Think about your proven method to gain more clients. Using that method, how many more clients could you have if you had more time? This is where you put a VA to work for you. They work in your business so you can work on your business. I promise that hiring a VA will be the best decision you make for your business. You will get back your time. Scroll up and pick up your copy today!"

Assistant, you are a leader. As an assistant, you constantly face obstacles that hold you back from accomplishing your career goals. Whether it's a job change, shifting deadlines, a micromanaging executive, a toxic co-worker, a high-pressure project, or an intense negotiation with a vendor, the administrative profession is not for the faint of heart. If you're looking to maintain the status quo and be "just an assistant," this book is not for you. But, if you want the confidence and ability to conquer the challenges that most try to avoid, then you're in the right place. The **Leader Assistant** outlines four pillars-embodiment the characteristics, employ the tactics, engage in relationships, and exercise self-care-that will help you rediscover your passion for the profession and become a confident, future-proof, game-changing Leader Assistant. If you neglect even one pillar, you'll head for burnout, stagnation, and anonymity. You are meant for so much more. Are you ready to be the Leader Assistant the world needs?

Do you ever feel like you're overwhelmed by the minutiae of life? Does it seem like your to-do list never shortens and you're wasting your time doing the same tasks over and over and NOT making any headway? Are you trapped in this never-ending cycle with seemingly no way out? I was trapped, and I found a solution. A few years ago I decided to hire a virtual assistant and it changed my life. Outsourcing mastery was now within my reach! I was able to free up a tremendous amount of time to spend on my passions and my dreams. The minutiae of life? Gone! The feeling that I was trapped in the "to-do list" cycle? Abolished! I did the hard work, found a great virtual assistant, and my experiences (good and bad) formed the basis for this book. This book will take you through everything you need to know about virtual assistants including: - Why you need a virtual assistant - What a virtual assistant can do for you including actual examples of tasks that I and my colleagues have outsourced to virtual assistants - Where to find a virtual assistant - How to interview a virtual assistant - How to best work with a virtual assistant, with tips and guidance on outsourcing from my own personal virtual assistant - A list of technological resources to utilize with your virtual assistant (programs, apps, and more) So many times we talk of better operations and management strategies. But, equally as often, we forget that whenever a task is created, we must always think of whether or not this task could be done more effectively and efficiently by someone else. In many instances, this "someone else" can be a virtual assistant, a professional aide that, due to the technological leaps in the last decade, is now available to even the smallest entrepreneur, solopreneur, and busy professional. Making appointments, answering customer complaints, scheduling interviews, crafting travel itineraries, designing websites, writing blog posts: These are all examples of tasks that can be easily outsourced so that you can spend your time on your passions and making your business run! If you're starting a business, outsourcing mastery is a must--you NEED a virtual assistant to help you compete in the 21st century environment! In the end, hiring a virtual assistant was one of the absolute best ways I could increase my personal efficiency and doing so liberated my life. My hope is that each of you can now take the information I've provided in this book and do the same to liberate your own life to follow your dreams.

Entrepreneurs often suffer from "superhero syndrome"—the misconception that to be successful, they must do everything themselves. Not only are they the boss, but also the salesperson, HR manager, copywriter, operations manager, online marketing guru, and so much more. It's no wonder why so many people give up the dream of starting a business—it's just too much for one person to handle. But outsourcing expert and "Virtual CEO," Chris Ducker knows how you can get the help you need with resources you can afford. Small business owners, consultants, and online entrepreneurs don't have to go it alone when they discover the power of building teams of virtual employees to help run, support, and grow their businesses. **Virtual Freedom: How to Work with Virtual Staff to Buy More Time, Become More Productive, and Build Your Dream Business** is the step-by-step guide every entrepreneur needs to build his or her business with the asset of working with virtual employees. Focusing on business growth, Ducker explains every detail you need to grasp, from figuring out which jobs you should outsource to finding, hiring, training, motivating, and managing virtual assistants. With additional tactics and online resources, **Virtual Freedom** is the ultimate resource of the knowledge and tools necessary for building your dream business with the help of virtual staff.

This book is primarily written for new, aspiring, and struggling Virtual Assistants, but will serve also to provide valuable insights and ideas for all Virtual Assistants. My intention is that you learn how to become an effective and exceptional Virtual Assistant and where to find clients and how to keep them. In the pages of this book, you can count on me to share what I myself have learned that has enabled me to have a successful Virtual Assistant business. When I started, I was putting in 16-18 hour days, but I am pleased to report that I now work the hours I choose, have a wonderful client roster and a six-figure annual income. I say this not to brag, but to share with you what truly is possible. There are tricks of the trade I wish someone had shared with me when I was first starting out. I will be teaching several of these in

this book, so you won't need to spend long days as I did. \*\*\*\*\* TESTIMONIALS... "Jaimie provides excellent service to all of her clients, including those needing rush jobs. She stays on top of everything and is very organized. I have been on Jaimie's team since 2012 and love the fact that she communicates very well with her clients and her peers. She willingly shares her expertise regarding the Virtual Assistant field and I have learned a lot from her. She will always to lend a helping hand. Her knowledge of social media is beyond belief. I have learned from various sources, but it's amazing how she constantly gives me tips and tricks on how to take things to the next level for clients as well as for my own business." Richard Rinyai, Virtual AssistantOwner, Virtual Office Guy [www.virtualofficeguy.com](http://www.virtualofficeguy.com) "Jaimie and I are in the same profession. I can't say enough about her. Her guidance and advice has helped me in every way to grow my business. She is extremely knowledgeable in social media and she has a fabulous background in processes and systems. This, along with her kind and patient demeanor, makes her an absolute winner in my book and for sure she would be in yours." Stephanie Scharer, Virtual Assistant "Jaimie is an absolute superstar at being a virtual assistant. Her depth of knowledge and out-of-box ideas adds major value to businesses. I assist Jaimie with some of her client assignments and highly recommend her for her creativity, being reliable and her excellent work. She loves what she does and you can absolutely see that every time in the quality of the job she does." Haja, Virtual Assistant "Jaimie is the best VA I've ever had. She is the perfect role model for VAs. When you look up "virtual assistant" in the dictionary, I think you'll find a picture of Jaimie. Just kidding of course, but she is the best. Jaimie really understands what a business owner needs. I never have to worry about her completing an assignment or project on time and within budget. Jaimie acts with integrity and makes each client feel like her most important client. She is trustworthy and has great customer service skills. Many of my clients comment about her responsiveness and her friendly yet professional style. She has enhanced my company brand." Beverly Harvey, ClientOwner, Harvey Careers [www.HarveyCareers.com](http://www.HarveyCareers.com) "Jaimie's passion for making business development happen is apparent in everything she does. I have been a small business owner since 1993 and appreciate that Jaimie is a rare find in that she thinks strategically and tactically, positions rapidly, and executes flawlessly. Jaimie understands my strategy and has saved my company time and money by taking appropriate initiatives to streamline processes. I recommend her highly for any small business owner who wants to proactively build a business!" Annette Baron, ClientOwner, Proposal Architect[www.proposal-architect.com](http://www.proposal-architect.com)

Are you tired of your 9-5 job and want to start your own business? You might have heard of the term "Virtual Assistant" but not sure what exactly it is or maybe you want to become a Virtual Assistant but not sure how. This book will teach you what a virtual assistant is, how to become a virtual assistant, how to create your website and a huge list of services that you offer. Even if you have never worked in an office this book will teach you how to become a Virtual Assistant. This book will walk you through all of the steps of becoming a Virtual Assistant. It will also teach you how to create a website on your own instead of paying someone else to do so. I have paid a lot of money on courses that weren't much of a help. In this book, I have combined all of the key points that I have learned from different courses to ensure that anyone who follows this guide will become successful. This book is perfect for anyone who has no experience or someone who is struggling to find clients. Now is the best time to start your Virtual Assistant business because the demand for a Virtual Assistant has increased drastically. Are you ready to leave your 9-5 job and start earning 5k+ Monthly?
